

MOBILE by Avril Lavigne

Listen to the song and complete:

Went home again
This sucks gotta pack and leave again
Say goodbye all my friends
Can't say when I'll be there again
It's time now turn
Turn my back
Everything (turn my back) everything ---

[chorus]

Everything's changing when I turn all
..... my control I'm a mobile.
Everything's changing when I turn all
..... my control I'm a mobile.

Start this life
Stretch myself the vibe
I'm waking say I've tried
Instead waking another
TV guide
It's time now turn
Turn and walk this crazy ground oh oh oh....

[chorus]

Everything's changing when I turn all
..... my control I'm a mobile.
Everything's changing what I know
everywhere I go. I'm a mobile.
I'm a mobile

Hanging the ceiling life's a mobile spinning round
..... mixed feelings crazy & wild ...
Sometimes I wanna scream loud

Everything's changing everywhere I go all
..... my control
Everything's changing everywhere I go
what I know

la la la la la la (la la)
la la la la la la (la la)
la la la la la la (la la la)
la la la la la la
